

# Summer Math

- 1) **Practice, practice, practice, and practice** math this summer!
- 2) **Make math flash cards** with a small piece of paper and a number sentence  
 $12+2 =$  written on one side. See how fast you can solve the problems.
- 3) **Put a smiley face in the left box for every time you try your best.**
- 4) **Please work on every activity on this chart, either in your journal or on the worksheet pages.**

Yes, I did it!	Suggested Weekly Practice
